Greenscapes of S.W. Florida

14370 Collier Boulevard

Naples, Florida 34119

Attention: Mr Jay Winborn

Dear Jay,

We have now completed our first year of working with your firm and want to express our pleasure at how well the relationship has worked. In fact, by now you have received our contract for 2009.

Our homeowners have expressed only positive feedback on all aspects of the landscape service and also on the willingness of every individual worker to go out of their way to please them. I want to go a step further in commending some of the people working under the supervision of Claudio Jesus.

First; Claudio has been excellent in communicating with us and the workers under his command, Juana and her crew, Marciano and Adan. I have not received one negative comment on any of your personnel and that makes my job a pleasure.

Overall the experience working with Greenscapes has been a very gratifying change and it is reflected in viewing the property.

Sincerely,

Jim McTernan
